

Prior to the first class meeting, read the assigned excerpts from “The Prince.” Before you begin reading, identify two leadership goals that you think will help you become a better leader in your organization. For example, what goals will help you become a more prominent leader at your organization? What goals will help you become a more effective leader?

Keep in mind that all employees in an organization have opportunities to demonstrate leadership, so everyone should have leadership goals they’re working towards.

Once you have your goals in mind, read the excerpts from “The Prince.” As you’re reading, find at least two pieces of advice from Machiavelli that you can use to help you achieve your leadership goals. If you can’t find anything that directly relates to your goals, identify at least two pieces of advice that you think all leaders should follow.
